ardo alyssa
breast pump

Hospital Pump for Home™

* total of eight 15-min pump sessions

** for more information, please refer to the Instructions for Use.

WHO WE ARE

Nestled in the Swiss Alps is the home of Ardo medical. This picturesque setting is where all of Ardo's breast pumps are meticulously assembled by hand, providing you the best Swiss-quality breast pump available. In the late 1960s, Ardo founder co-founded the world's first breast pump company and brought the first electric breast pump from Switzerland to the United States. To this day, Ardo is a family- owned and family-run company.

REPLAY BUTTON

Memory Plus function saves your complete pumping session, settings and time, so you can repeat with every use. Additional functionality will be added in future MyArdo App versions.

THE PERSONAL POWER PUMP™

Alyssa is the first and only breast pump in the world with an automated power pumping function that mimics cluster feeding, which increases your milk supply.

SMART PHONE OPERATED

Control Ardo Alyssa directly from your phone using the MyArdo app. In future versions, you will be able to record pumping sessions and keep track of milk output through MyArdo app.**

** additional functions available in future MyArdo app releases

Additionally Available

ALYSSA DOUBLE PLUS

Includes a manual pump handle to convert into the Amaryll hand pump

ALYSSA-TO-GO

Includes 2 additional bottles, hand pump, breast pump bag, cooler bag, spare parts

Alyssa Double (€3,005.09)
Alyssa Double Plus (€3,005.10)
Alyssa-To-Go (€3,005.11)

THE PERSONAL NICU PUMP™

Our hospital-grade Ardo Alyssa breast pump with NICU capabilities is the **WORLD'S FIRST** personal NICU pump.*** Alyssa allows mothers of preemie babies to take their personal NICU pump home. Alyssa quickly establishes milk supply so that mothers can have peace-of-mind that their babies get their breastmilk. With all its abilities, Alyssa is the most comfortable pump on the market.

*** more than 100 cycles per minute at 115 mmHg vacuum
