Hospital Pump for Home™

WHO WE ARE

Nestled in the Swiss Alps is the home of Ardo medical. This picturesque setting is where all of Ardo's breast pumps are meticulously assembled by hand, providing you the best Swiss-quality breast pump available. In the late 1960s, Ardo founder co-founded the world's first breast pump company and brought the first electric breast pump from Switzerland to the United States. To this day, Ardo is a family- owned and family-run company.

REPLAY BUTTON

Memory Plus function saves your complete pumping session, settings and time, so you can repeat with every use. Additional functionality will be added in future MyArdo App versions.

MULTI-USER POWER PUMP™

Bellis is the first and only multi-user breast pump in the world with an automated power pumping function that mimics cluster feeding, which increases your milk supply.

SMART PHONE OPERATED

Control Ardo Bellis directly from your phone using the MyArdo app. In future versions, you will be able to record pumping sessions and keep track of milk output through MyArdo app.**

** additional functions available in future MyArdo app releases

MULTI-USER HOSPITAL GRADE BREAST PUMP

The robust design & the user friendly interface makes Ardo Bellis the ideal multi-user rental pump.

MULTI-USER NICU PUMP™

Our hospital-grade multi-user Ardo Bellis breast pump with NICU capabilities is the WORLD'S FIRST AFFORDABLE multi-user rental pump for NICU.*** Bellis allows mothers of preemie babies to take their rental NICU pump home. Bellis quickly establishes milk supply so that mothers can have peace-of-mind that their babies get their breastmilk. With all its abilities, Bellis is the most comfortable rental pump on the market.
